

Health Sciences

Programs

The **Health Sciences Broad Field** degree provides a solid foundation of coursework needed to specialize in a variety of health and human services programs. Courses include biology, chemistry, anatomy and physiology, psychology, algebra, statistics and other general education courses helpful for acceptance into a baccalaureate program or to pursue an additional associate degree.

The **Health Sciences Broad Field** degree is ideal for students who eventually plan to pursue a bachelor's degree or double-major in other NTC programs such as nursing, dental assisting, or healthcare administrative support. Credits can be transferred to any two or four-year program within the Minnesota State Colleges and Universities system.

Career opportunities

The Health Sciences Broad Field Associate in Science Degree program is designed to transfer to all system universities offering related baccalaureate programs through a statewide articulation agreement. The Health Sciences Broad Field Statewide Articulation Agreement has been approved by all system universities. Consult with both college and university advisors/counselors for guidance regarding the requirements of the various health sciences baccalaureate programs to facilitate the most efficient transition.

Health Sciences

The NTC advantage

NTC's **Health Sciences Broad Field Associate of Science** degree may be completed on-campus or online, including virtual online labs. Online students have access to technical support and online tutorials and training.

NTC has transfer articulation agreements between the following post-secondary institutions for the baccalaureate degree programs listed below:

- Bemidji State University - BS Community Health, Exercise Science, Nursing (limited)
- Metropolitan State University - BSN Nursing (limited)
- Minnesota State University – Moorhead – BS Exercise Science, Health Teacher Education
- Minnesota State University – Mankato – BS Communication Disorders, Foods and Nutrition, Dental Hygiene (limited), Therapeutic Recreation, Dietetics, Nursing (limited), Corrections, Psychology, Health Science, Social Work
- Northwestern Health Sciences University – BS Human Biology
- St. Cloud State University - BS Athletic Training, Community Health, Social Work
- Southwest Minnesota State University – BS Exercise Science
- Winona State University - BS Biology, Health, Exercise and Rehabilitative Sciences, Movement Sciences, Exercise Science, Health Promotion, Community Health, Nursing (limited)
- Concordia University – St. Paul - BA Health Care Administration
