WHY LIVE ON CAMPUS?

COMMUNITY

You'll make best friends. You'll find support with a hard assignment — or be there to help someone else. You'll pack your social calendar with hall activities or random get-togethers with floor mates. You'll have an instant community to carry you through the good and the bad and everything in between.

CONVENIENCE

Everything is within walking distance, with easy access to dining halls and recreation. And the system of underground walkways makes getting there a breeze, even on the chilliest days.

More than 1,200 students, even those from Bemidji, live on campus in our six residence halls and apartments to take better advantage of campus life.
