

Northwest Technical College Wireless Instructions

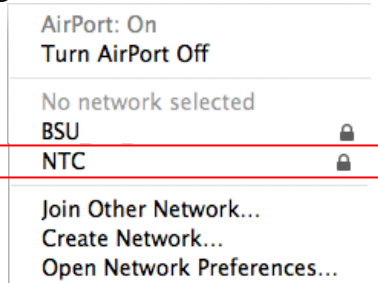

Faculty/Staff Mac OS 10.6

Connecting to NTC wireless network requires your Directory username and password, and proper configuration of your computer. Please contact [Shane Jensen](#), Information Systems Specialist, 218.333.6651 to obtain your username and password or receive assistance in setting up wireless for you.

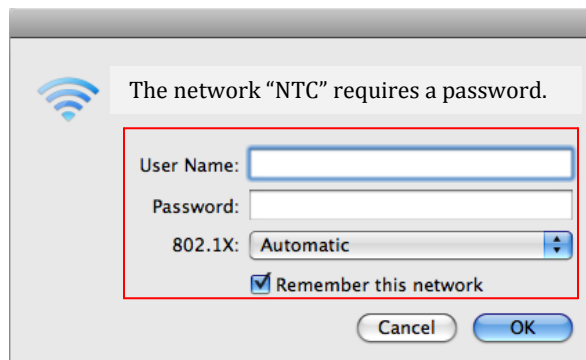

By connecting to NTC wireless you are agreeing to abide by the following policies:

MnSCU Acceptable Use of Computers and Information Technology Resources
<http://www.mnscu.edu/board/policy/522.html>

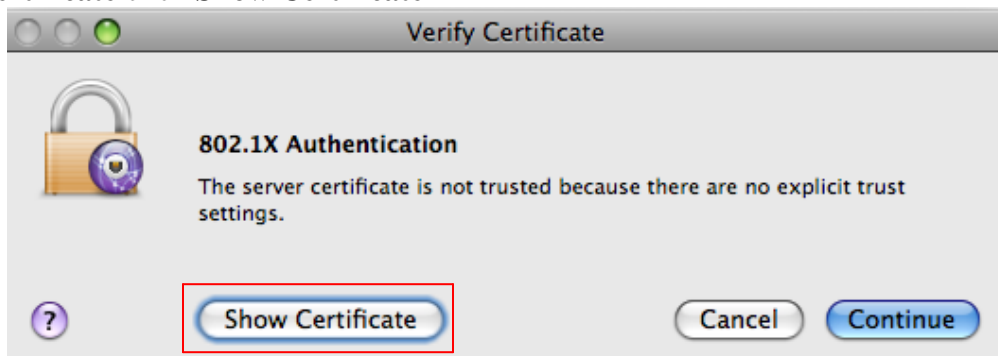

1. Click on the AirPort icon at the top right of the screen and click on NTC

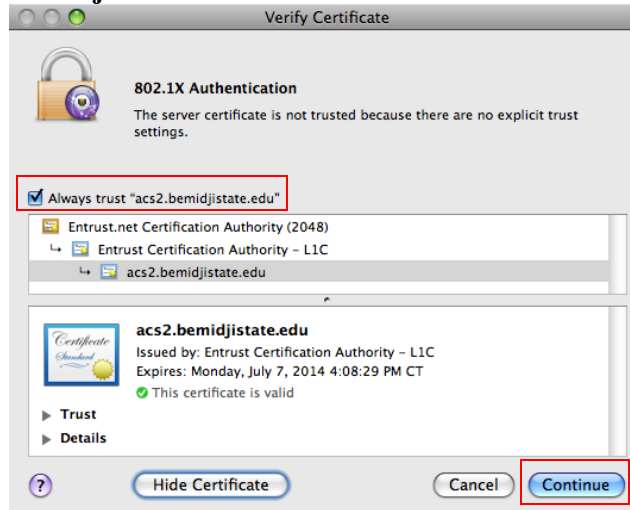

2. You are required to enter your **Directory** (also referred to as Portal/MyNTC/Novel) username and password, then click **OK**. Make sure **“Remember this network”** is checked and leave **802.1x** as **Automatic**.

3. At **Verify Certificate** click **Show Certificate**

4. Check **Always trust “acs2.bemidjistate.edu”** and **Continue**

5. Then the “**Type your password to make changes to your Certificate Trust Settings.**” dialog box will pop up. Enter your **COMPUTER** username and password and click **OK**.

6. Then click on the AirPort icon again and choose **Open Network Properties** and click on **Advanced...** bringing up **Airport** dialog box. Click on **802.1X** tab. Click on **WPA: NTC** to highlight it on the left and showing the the information on the right. In the **Authentication** box **UNCHECK** everything **BUT PEAP** and click **OK** to close **Airport** then click **Apply** on Network screen.
