Repeating Courses

Policy
In order to successfully complete program requirements, a learner may repeat a course for which he/she is unsatisfied with the grade achieved. If they do not want the lower grade to be calculated in their GPA, learners must submit a Course Repeat Form and the repeated course must be exactly the same course (same number and title). The course must be one that is “owned” and delivered by Northwest Technical College.

Grades for repeated courses not calculated in the GPA shall be denoted by parentheses ( ) on the transcript.

Purpose
To ensure that learners make satisfactory progress toward program completion.
