

Northwest Technical College New Program/Program Redesign Initial Proposal

Name of proposed program (existing program, if redesign):

Proposed Academic Award type: Certificate, Diploma, AAS, AS, Advanced Certificate

Projected program length in credits:

Answer the following questions as thoroughly as you can. www.lseek.org has related information. Contact any administrator at NTC for additional help, if needed.

- **How does it meet our mission/vision? How does it fit within our Master Academic Plan?**
- **How do employment trends support the need for this program?**
- **What is the projected entry level salary (i.e. do salaries justify having a program in this field)?**
- **How do demographics support our ability to maintain a critical mass of students?**
- **What is the targeted region to serve with this program?**
- **How does it fit with our other offerings (is there potential for shared courses and/or equipment)?**
- **What is the projected cost to implement? Is it viable?**
- **What is the potential for articulation agreements?**
- **What is the facility impact? Can we find room?**
- **How does this program have potential for online or accelerated delivery and evening/weekend delivery?**

Submit this proposal to the Dean of Academic Affairs.
