

## PROGRAM STUDENT LEARNING OUTCOMES IMPROVEMENT REPORT

<b>Program:</b>	<b>Prepared for Academic Years of:</b>
<b>Submitted by:</b>	<b>Date Submitted:</b>

### **PROCESS:**

This narrative report is to be prepared by program faculty. The dean will provide a copy to the Academic Affairs and Standards Council.

- I. Attach the program's Curriculum map (3115-4-02) and the Program Effectiveness Plan and Report (3115-4-02, page 3) documents for the past three academic years.
  
- II. Summarize the program improvements made since the last Program three year report, or since the implementation of the program's Program Effectiveness Plan. Include in your summary responses to the following:
  - A.** What changes were made in curriculum? Include changes to content, changes to courses, and changes to program requirements.
  - B.** What changes were made in instructional delivery and/or approach?
  - C.** What assessment results prompted these changes? What were the problem areas that were revealed by the assessments?
  - D.** How well did the changes address the problems?
  
- III. Analyze the effectiveness of your program's Program Effectiveness Plan and Report (3115-4-02, page 3). Include in your analysis, responses to the following:
  - A.** How effective were the assessment methods used in identifying problems?
  - B.** Did learner achievement problems arise that were NOT revealed through your assessment efforts?
  - C.** What changes, if any, will be made to the Program Effectiveness Plan and why?
