NTC students are eligible to live at Bemidji State University, where you can benefit from a rich residential experience. Easy access to the dining hall, recreation center and 1,600 other students are just a few of the advantages of living on a residential campus.

UNIVERSITY HEIGHTS APARTMENTS

CHOOSE AN OPTION THAT WORKS FOR YOU:

- **Traditional residence halls** — double rooms, single rooms or suites
- **Cedar Apartments** — affordable option for single parents
- **University Heights** — fully furnished apartments with spacious private rooms

“Being involved with both of the campuses has allowed me to meet a lot of people. I’ve made new friends and I’ve built new connections. I also have new people to study with.”

— Shyanne (Nursing)
BECOME AN INVOLVED STUDENT

Choose from a wide variety of student activities

**Student Senate**
The NTC Student Senate represents and serves fellow students. Members are elected annually from each program area. Senate officers are elected by the majority of enrolled students. The Senate works with other student organizations, plans campus events, uses funds for worthwhile projects and promotes a positive experience for all.

**Student Nurses Association**
The mission of the NTC Student Nurses Association is to excel in nursing education, extend a helping hand through community service and care for others beyond all expectations. Past activities have included bingo nights at a local nursing home, support and assistance with Special Olympics, and a tour of a medical chopper from the perspective of a flight nurse.

**Opportunities at Bemidji State**
NTC students also have the ability to get involved with some of the clubs and organizations on the Bemidji State University campus. You’ll find a complete list of these on the BSU website.

**Electrical Club**
The NTC Electrical Club brings students together to who want to excel in their program and offer their skills to community service projects. One of their annual highlights is an amazing lighted float for the Bemidji Light the Night Parade.

In the introduction labs and lectures, you learn how to build mockups, bend conduit and take measurements just like you would on the job. They even give you obstacles to go through that you would likely experience on a job site.

— Russell (Electrical Construction)

“NTC is a great steppingstone for people coming back to school. If I can do it, anybody can do it, really. It’s just that simple.”

— Kari (Health Sciences)

Technical education is the quickest path to a high-paying, high-demand career.
