Student Criminal Background Study Requirements

A national background study must be completed for each student that includes:

- 1) Criminal charges
- 2) Sex offender status
- 3) Social security trace
- 4) OIG & GSA check

The Educational Program must inform Affiliate Designee/Site Contact of any student infractions revealed on the background check.

NOTE: For MN and IA locations, a State Department of Health background study may also be required.

All student immunization/exposure and background documents are retained by the school and must be available upon request.
