

NOTICE: High School Seniors Please Read

Interested in furthering your education after High School Graduation and wondering how you can pay for it? We have Youth Grants, that you do not have to pay back, available for eligible youth. Call us to see if you could benefit from these grants throughout your continuing education experience.

- Contact us **FIRST** before you put any money down on your tuition, fees, or books. It's okay to pay your application fee.
- Each year, we hear from students who heard about our programs, but didn't apply and wished they had.

Rural MN CEP has a Youth Program that may be able to assist with some college funding for those eligible. You must apply for the program before you put any money down on books or tuition/fees, so it is important that you contact us as soon as you can so we can determine if we can help.

If you contact us after you have put money down on tuition/fees/books, we will need to look at other programs you may be eligible for.

Call Danielle Lindner at 218-444-0732 or 218-849-0600 or email daniellel@rmcep.com as soon as possible to find out more information.
