Student Rights and Responsibilities

Family Education Rights and Privacy Act - FERPA (Policy 2135-1-01)

The purpose of the [Family Education Rights and Privacy Act](#) affords parents the right to inspect and review their child's education records, the right to seek to have the records corrected, and the right to have some control over the disclosure of information from the records. Once a student turns 18 years old, or enters a postsecondary institution at any age, the rights under FERPA transfer from the parents to the student. The [college FERPA Policy \(2135-1-01\)](#) is located on the website. The college conforms to the fair information practices required by the Family Educational Rights and Privacy Act of 1974 as amended (the "Buckley Amendment") and the Minnesota Government Data Practices Act.

Student Rights and Responsibilities:

Students are expected to be familiar with the policies and procedures as described in this handbook. The handbook is available on the [Handbook & Policies](#) webpage.

Students are expected to be familiar with the Student Code of Conduct as presented in this handbook and as described by the [Learner Code of Conduct](#) policy ([3310-1-01](#)). The rights and responsibilities of students and the expectations of the college are described in this handbook, along with appeals and grievance and other procedures.

Students are expected to exhibit and are held responsible for behavior that demonstrates respect for self and others and that does not interfere with other students' right to receive an education and that does not impede the college's ability to deliver education and services to all enrolled students. Students will be held accountable for actions that result in or contribute to any impingement on the safety and wellbeing of others. Behavior that is threatening to the safety or welfare of oneself or others, or that is harassing or discriminatory in nature, will be reviewed promptly by the college, and appropriate action will be taken. The Student Code of Conduct does not replace or reduce the requirements of civil or criminal laws.

Rights and Responsibilities of students enrolled in institutions of Minnesota State Colleges and Universities are addressed in Board Policy [3.1 Student Rights & Responsibilities](#).

Sexual Violence and Reporting Policy (1032-1-01)

laws and to take the spirit of such laws to heart. Information on [NTC's Policy on Sexual Violence](#) is located under [Campus Life](#) under Academic Resources. Minnesota State Colleges and University's Board policy and procedures related to sexual violence and harassment apply to all students, faculty and staff of NTC (see Minnesota State Policy [1B.3](#) Sexual Violence Policy and Procedure [1B.3.1](#): Response to sexual Violence and Title IX Sexual Harassment).

Registration Information

Registration Policy (2060-1-01):

All new students who have completed the requirements for admission and initial registration are eligible to register for courses. Returning students in good standing are also eligible to register. Registration is conducted online, and registration priority is based on cumulative credits completed. The college may impose registration holds when necessary, for reasons such as:

- Overdue account with the college. Northwest Technical College complies with Minnesota Statute 197.775 which exceeds all criteria of Title 38 United States Code Section 3679(e).
- Academic suspension
- Non-compliance with College Readiness policy
- Required information has not been submitted (e.g., college transcripts for financial aid verification, immunization documentation)
- Lack of fulfillment of prerequisites (course hold)
- Failure to complete the required Sexual Violence Prevention Training.

Advanced Standing Policy (3020-1-01)

Advanced standing refers to credit granted and transcribed by the college for previously gained knowledge and skills that are equivalent to coursework at the college. Such credit may be granted through various means: direct transfer of courses of equivalent nature that were completed at other regionally accredited institutions of higher education; by examination; by College Board programs--i.e., Advanced Placement (AP), College-Level Examination Program (CLEP), and International Baccalaureate (IB); experiential learning, military or other course work that is transcribed and can substitute for program credit; and/or through formal Technical Preparation (Tech Prep) agreements with high schools.

Credit Transfer Policy (3020-1-02)

Northwest Technical College grants transfer credit for individuals enrolled in a college major (Policy [3020-1-02](#)) based on the following criteria:

- Credits from regionally accredited institutions will generally be accepted for transfer. Transfer of applicable international credits will be reviewed on a case-by-case basis.
- Transfer decisions are not made solely on the source of accreditation of a sending program or institution.
- Minnesota Transfer Curriculum (MnTC) courses that have been taken at other Minnesota State institutions that apply to the student's major are automatically transferred.
 - The course work to be transferred must be comparable in nature, content, and level to NTC courses and must be appropriate and applicable to the learning experiences required of the declared major.
 - Non-MnTC (technical and applied general education) courses accepted in transfer must have a grade of at least "C." MnTC courses must have a grade of at least "D" unless program major policy requires a grade of at least "C."
 - Pass (P) credits cannot be used to transfer to a technical area.
 - Technical credits that have been completed within five years are eligible for transfer. MnTC and applied general education courses have no time limit.
 - Official transcripts must be on file for transfer credits to be recorded.
 - Credits that are part of a signed articulation agreement will be accepted for transfer.

- Courses that do not automatically transfer may be reviewed using the [Credit Transfer/Course Substitution/Credit for Prior Learning](#) form from the [Transfer Equivalencies and Course Substitutions](#) webpage. Students complete the form and return it to their advisor for review to determine applicability of the course work.

Appeal of Credit Transfer Decisions (Policy 3320-1-01)

The results of credit transfer evaluations may be appealed using the college's Appeals and Grievances Policy ([3320-1-01](#)). Transfer of applicable credits from institutions accredited by other national accrediting agencies may be reviewed on a case-by-case basis for institutions listed by the [U. S. Dept. of Education](#) Database of Postsecondary Institutions and Programs. The Appeal Policy ([3320-1-01](#)) above will be used for these nationally accredited schools.

If the student is not satisfied with the college transfer appeal decision, the student may submit a request to the Minnesota State Senior Vice Chancellor of Academic and Student Affairs for a system level appeal of the college transfer appeal decision (see Minnesota State Board Policy [3.21](#) and Procedure [3.21.1](#) Transfer of Undergraduate Courses, Credit, Associate Degrees, and the Minnesota Transfer Curriculum and the [System Level Transfer Appeal form](#) or by contacting the [Transfer Advisory group](#)).

Minnesota Transfer Curriculum Policy (3020-1-02)

Northwest Technical College will honor the Minnesota Transfer Curriculum as appropriate to the general education requirements of Associate of Applied Science and Associate in Science degrees.

Credit via College Board Programs: Advanced Placement (AP), Credit by Examination Program (CLEP), International Baccalaureate (IB) Policy (3020-1-03)

Entering students who have taken College Board examinations may receive credit at Northwest Technical College. Credit may be granted for specific courses or electives. Scores must be submitted to the Admissions Office.

To be recognized for credit, AP scores must be 3 or above; CLEP scores must be 50 or above. IB credit will be individually analyzed by the transfer specialist.

Credit by Examination Policy (3020-1-05)

An enrolled student with a declared major may challenge a course through an examination for credit. Students challenging a course will be charged an examination processing fee which must be paid prior to taking the examination.

Transcripted credits will count toward academic awards, however, no grade will be assigned, and the credits will not count in grade point average calculations. Credits earned through challenge examination do not apply toward full-time status for financial aid. Students cannot repeat an unsuccessful challenge and cannot challenge a course which already appears on the student's transcript. Credit by examination tests (i.e., test outs) for classes in which students are currently registered must be completed within the first four academic days of the start of the semester. Test-out exams must effectively test on at least 75% of the course content.

Credit for Experiential Learning Policy (3020-1-06)

The college recognizes that individuals acquire substantial learning from experiences other than formal education. As a result, the college will award Credit for Experiential Learning under the following circumstances:

- The petitioner provides evidence of the mastery of a minimum of 75% of the learning outcomes of a particular course at an equivalent level of achievement as documented in a specified portfolio format. This evidence will include all required elements.

- An experienced instructor of the course in question analyzes the portfolio and verifies equivalency. The decision of the instructor is final.
- A maximum of 33% of the total program credits may be awarded for experiential learning.

The college will help the petitioner in how to prepare the portfolio and in selecting the kinds of documentation that would be acceptable. All petitioners must pay a processing fee before the portfolio will be evaluated. Transcribed credits will count toward academic awards; however, no grade will be assigned, and the credits will not count in grade point average calculations. Credits earned for experiential learning do not apply toward full-time status for financial aid.

Credit for Military Coursework Policy (3020-1-07)

The college recognizes that individuals acquire substantial learning from experience while a member of the United States Armed Forces. As a result, the college awards educational credits for courses that were part of a veteran's military training or service if the courses meet the standards of the American Council on Education or equivalent standards for awarding academic credits.

Technical Preparation (Tech Prep) Agreements Policy (3020-1-04)

Northwest Technical College will work in partnership with affiliated technical preparation (Tech Prep) consortium(s) and the consortium member high schools to explore and develop ways to help prepare high school students to transition into postsecondary technological education.

Credits earned through advanced standing agreements made with the member high schools will be transcribed when the following requirements have been met:

- A certificate of advanced standing or other official notification by the high school is received by the NTC Registrar indicating that the student earned an A or B in the eligible course and received the recommendation of the instructor (both are required to receive the certificate), AND
- The student has enrolled at Northwest Technical College.

Currency of Credits Policy (3415-1-01)

Due to the rate of change of technological skill requirements, a student may be required to validate coursework that was completed more than five (5) years prior to expected graduation date. Such validation requires the approval of both the advisor and the division chair. Only courses with grades of C or better may be validated. The division may require that students repeat such courses or take additional coursework.

Auditing Courses Policy (3150-1-01)

Students intending to audit a course (earn no credit) are required to register for the course on a space available basis. Students must indicate their intention to audit at the time of registration. Auditing students may not need to meet regular course requirements but should confer with the instructor as to their privileges and responsibilities in the course. A student who first enrolls for audit status may change to credit status during the first six (6) days of the semester. Courses audited are not included in determining the total credits earned toward a major or the cumulative grade point average. Upon completion of the course, the course entry made on the student's permanent record is indicated with "AU" (audit).

Pass/No Pass Credit Policy (3125-1-01)

Students may enroll in certain courses on a Pass/No Pass basis. Credits recorded as P/NP are not included in the computation of the student's grade point average, but a limited number of pass credits count toward graduation.

The option to register on a Pass/No Pass basis may be exercised through the drop/add deadline of the semester. The Pass/No Pass registrant is obligated to complete all course requirements and to take all examinations. A Pass grade is awarded for performance equivalent to a C or above. The following restrictions apply to Pass/No Pass registration.

1. Students may accumulate no more than 9 semester credits for graduation under the P/NP grading option.
2. Student may take no more than 1 class per semester on a P/NP basis.
3. Students who are on Academic Probation will not be allowed to register for any courses on a P/NP basis.
4. Prerequisite courses may not be taken on a P/NP basis.
5. No class taken initially for a letter grade maybe repeated on a P/NP basis.

It is the student's responsibility to consult with his/her instructor and/or advisor prior to choosing the P/NP option for a given course to discuss possible ramifications of taking a class on a P/NP basis, such as the impact on potential for transfer and licensure/certification requirements.

Registration Changes (Add, Drop, Withdraw) Policy (2065-1-01)

The college allows enrolled students to make changes to their registered courses within certain time limits. Students are encouraged to consult with their advisor before making registration changes. Students are responsible for knowing the actual deadline dates for making registration changes.

Add/Drop Courses: The Add/Drop period is the first five instructional days of the semester. Last Day to Add/Drop dates are determined by the Business Office. (NOTE: "Instructional days" refers to class days listed on the college's academic calendar, not class sessions of individual courses.)

Add courses: Students may **add** courses until registration closes at midnight of the Last Day to Add/Drop. Alternative registration options may be applied by the Registrar.

Drop courses: Students may **drop** courses until midnight of the Last Day to Add/Drop without incurring liability for the course tuition and without impacting their GPA. It is important for students to note a student may not drop a course simply by non-attendance. Students can drop a course through the e-services web registration page. Courses dropped by the student within the "Add/Drop" period do not appear on the student's transcript. Financial aid awards will be recalculated minus the credits from the dropped course(s), and the student will not be financially liable for the dropped course. For courses whose first class session is after the Add/Drop date, students must drop the course by the end of the next business day after the first class session to cancel their liability for the course.

Withdrawal: Once the Add/Drop period has ended, students who decide to discontinue attending a class must complete a course withdrawal. Withdrawing from a course does not reduce the tuition obligation. The Last Day to Withdraw date is based on 80% of the class meeting dates. Students can find the published withdrawal date for each course in e-Services or by contacting the Records Office.

Withdraw from a course: Students may officially **withdraw from** a course until midnight of the official Last Day to Withdraw (see above). It is important for students to note a student may not withdraw simply by non-attendance. Students can withdraw from a course through the e-services web registration page. If a student withdraws from a course after midnight of the fifth instructional day and prior to midnight of the official withdraw date of the semester, a grade of **W** (*Withdraw*) will appear on the student's academic record. When a student is not attending a course for which he/she is registered without officially withdrawing from that course, the student will receive the earned grade for the course and remains liable for tuition and fees for that course.

Withdraw from all courses: Students who withdraw from all courses

(Entirely withdraw from the college) after the Drop/Add date are entitled to a partial refund of tuition in accordance with the schedule specified in the policy. The timelines can be found on the [Withdrawing & Dropping](#) webpage under Registration, then Registering for Classes.

Courses of Shorter Duration: Proportional time limits for withdrawing from all courses (68% of course length) are applied to courses of shorter duration than one semester.

Student Responsibilities: It is the responsibility of the students to know all registration deadline dates, to manage and monitor their own course registrations, and to determine what impact registration changes will have, if any, on their progress toward program completion and on their tuition obligation and their financial aid. Repayment of financial aid received is usually required as the result of course withdrawals.

Cancellation of Registration due to non-payment Policy (1100-1-02)

The college provides access to its courses to students who in return fulfill their financial obligations. In accordance with [Policy 5.12](#) of the Minnesota State Colleges and Universities, registration will be cancelled for students who have not met one of the following conditions by no later than five business days after the first day of classes in any semester:

- NTC's Financial Aid Office has received the results of the student's financial aid application (FAFSA -- Free Application for Federal Student Aid), OR
- NTC's Business Office has received a down-payment of \$300 or 15% of tuition and fees due for the semester, OR
- The student has submitted a Third Party Billing Authorization to NTC's Business Office.

The President or designee may grant short-term tuition and fee payment deferrals in cases where, due to exceptional circumstances, a student needs additional time to arrange third-party financing or otherwise satisfy a tuition and fee balance due. Deferrals must document the reason for and time duration of the deferral and must be signed by the President or designee.

Administrative Withdrawal Policy (2065-1-03)

While students are responsible for officially withdrawing from courses they no longer plan to attend, the college reserves the right to administratively withdraw a student from courses in certain situations including, but not limited to, the following:

- The student is expelled resulting from violations of Student's Code of Conduct or illegal activities.
- The student is unable to attend due to extreme situations such as catastrophic illness, accident or incarceration
- The student is deployed to active military duty.

If the administrative withdrawal occurs after the "Add/Drop" period and by or before the official Last Day to Withdraw date ([2065-1-01](#)) a grade of **W** (*Withdraw*) will be recorded for the affected class(es). If the administrative withdrawal occurs after the Last Day to Withdraw date, the student will be awarded the grade earned in the course, except in verified cases of extreme situations, as noted above, in which case a grade of **W** (*Withdraw*) may be recorded. The student will remain responsible for any academic consequences due to administrative withdrawals that occur after the "Add/Drop" period and for any financial liability, less applicable refund, that has been incurred.

Attendance/Academic Activity Review Policy (2040-1-01)

The college will verify attendance/academic activity of all enrolled students at the 60% point in the term of enrollment for which the return of financial aid funds applies. If a student is no longer attending, the student's official last date of attendance/academic activity is defined as the date the student withdraws him/herself from the course through web registration or the date he/she notifies the Registrar's Office of his/her withdrawal. If a student has not officially withdrawn through the Registrar's Office, the last date of attendance will be validated by faculty/staff

documentation (see NTC policy Administrative Withdrawal policy above).

Last Date of Attendance/Academic Activity Policy (2045-1-01)

An enrolled student's official last date of attendance/academic activity is defined as the date the Registrar's Office receives official notification of the student's withdrawal. If a student has not officially withdrawn, the last date of attendance will be validated by faculty/staff documentation.

Tuition and Fees Information

Tuition Policy (1100-1-01)

Tuition for a Minnesota resident or non-resident is set annually by the Board of Trustees of the Minnesota State Colleges and Universities and charged on a per credit basis. The President will consult with the college's Campus Government on proposals to change the tuition rate prior to submitting the proposal to the Board. All applicable tuition and fee charges are billed before the first day of the academic term. Tuition not paid or deferred by no later than five business days after the start of classes will result in cancellation of registration pursuant to Minnesota State Policy [5.12](#) and NTC Policy [1100-1-02](#).

College Fees

Various fees will be assessed to students depending upon enrollment status, courses attempted, and services offered by the campus attended. The [Tuition and Fees](#) webpage provides a list of the fees that may be assessed. Fees unique to a program or a class offering are detailed in the course requirement list. All tuition and fees are due the 21st day of the semester.

An account will be considered delinquent if no payment or arrangement has been made by the 21st day of the semester or the due date of the deferment. In the event a class does not follow the semester schedule, an account will be considered delinquent if it is not paid or arrangements to pay are not made by the second day of the class.

In the event an account becomes delinquent, a written notice will be sent to the student which will make the student aware of the delinquency and indicate that registration will be canceled if payment is not received or if a payment arrangement is not made with the designated personnel. Any person who has not responded to the above notice will receive a letter to inform them they may be turned over to the Minnesota Collection Entity.

In addition, no person with an outstanding account will be allowed to register for the following semester's classes unless she/he receives a special approval from the designated personnel.

All charges are subject to change after review by college administration, Campus Government, or Minnesota State Board of Trustees.

Tuition Refund Policy (2090-1-01)

Students are entitled to have the opportunity to attend one class session for each registered, for-credit course, without obligation. Subject to the refund for full withdrawal provision of Subpart B, students are obligated for any classes dropped after the fifth business day of the term, or one business day after the first class session, whichever is later. For purposes of this policy, business days are defined as Monday through Friday (excluding posted holidays).

Tuition will be refunded to students who cancel their registration at the college through a formal process. This policy governs the amount, if any, to be refunded to the student.

- A. Course Drops.** Dropping a course means the student cancels his/her course registration by the fifth (5th) business day of the semester, which is the Add/Drop deadline. Students will receive a 100% refund for courses dropped by the Add/Drop deadline. For classes starting after the fifth (5th) business day of the semester, the student must drop the course by the second business day after the first course session to receive a 100% refund.
- B. Withdraw.** To receive any refund after the fifth day (the Add/Drop deadline), a student must totally withdraw from all courses. This means the student cancels his/her registration for all courses for which he/she is enrolled in accordance with [Minnesota State policy 5.12](#). The following refund schedule is for students who do an official, **complete withdrawal (entirely withdraw from the college)** from Northwest Technical College. To constitute a complete withdrawal, a student must withdraw from all courses for which they are registered in the term. The following refund schedule applies to when a student withdraws entirely from all registrations in a given semester.

Refund for Fall and Spring term (at least 10 weeks in length):

Withdrawal from 6th through 10th instructional day of the semester = 75% refund
Withdrawal from 11th through 15th instructional day of the semester = 50% refund
Withdrawal from 16th through 20th instructional day of the semester = 25% refund
Withdrawal after the 20th instructional day of the semester = 0% refund

Refund for Summer session (at least 3 weeks in length)

Withdrawal from 6th through 10th instructional day of the semester = 50% refund
Withdrawal after 10th instructional day of the semester -0% = refund

Refund for courses less than three weeks in length:

Withdrawal on 2nd day of class = 50% refund Withdrawal
after 2nd day of class = 0% refund

Financial Aid Information

Financial Aid Process

The Financial Aid webpages include information on applying for financial aid, receiving your award, categories of financial aid, forms-policies-&-resources about Financial Aid. Additional information is available for understanding the many options and variables that can be a part of the Financial Aid process.

The [2025-2026 Guide to Financial Aid](#) provides detailed information on tuition and the Financial Aid process. Please note that applications are processed as they are received, so it is to your advantage to apply early. Applications are not complete, and awards cannot be made until the Financial Aid Office has received and processed all requested information.

Key components of Financial Aid include:

- Apply for an FSA ID (username and password) for yourself (and one parent for dependent students) at [Federal Student Aid ID](#)
- File a Free Application for Federal Student Aid (FAFSA) at [Apply-For-Aid](#) using school code 005759 and the appropriate year's tax and income information. It is encouraged for students and families to utilize the IRS Data Retrieval Tool on the FAFSA.
- Submit documents to the Financial Aid Office as requested, including transcripts from all colleges previously attended. Failing to submit this information will result in delays in processing your application.
- You will be notified if your application has been selected for verification (random selection made by the Federal Aid Processing Center). This will require the submission of additional documents. You are encouraged to respond promptly as the Financial Aid Office cannot complete the processing of your application until they receive all required verification documents.

NOTE: Summer students will be required to file an additional Summer Supplement, which will be available in April. Contact the Financial Aid Office for more information.

Important Financial Aid Eligibility Facts

- To be eligible to receive financial aid at Northwest Technical College, students must be enrolled in an eligible program and must be pursuing a degree, diploma or certificate from NTC.
- Students must maintain at least half-time enrollment status (6 credits) each semester to receive loans, work study or MN Child Care Grant.
- Students may not receive more financial aid (including loans) than the established institutional budget. This amount can be obtained from the Financial Aid Office.
- Students receiving outside agency funding may have other funding, including work study or loan eligibility reduced.
- Students must have a high school diploma or GED.
- Eligibility is determined by enrollment status on the 6th day of each semester. Enrollment status is defined as follows for all programs except Minnesota State Grant, which defines full-time as 15 credits.

(NOTE: These enrollment definitions also apply to the summer semester.)

Full-time	=	12 or more credits
$\frac{3}{4}$ time	=	9-11 credits
$\frac{1}{2}$ time	=	6-8 credits
less than $\frac{1}{2}$ time	=	1-5 credits

- Students who withdraw from a course for which financial aid has already been received will be subject to a recalculation of aid and possible repayment. In addition, students who drop a late start course after financial aid has already been received will be subject to a recalculation of aid and possible repayment.
- Transfer students may be subject to lower loan limits, and mid-year transfers may have limited grant eligibility.

- Students must reapply for aid every year. Each FAFSA process covers three semesters, beginning with fall semester and ending with summer.
- For students who are eligible for the Minnesota State Grant, the FAFSA must be received by the Federal Aid Processing Center within the first 30 days of the semester.
- For late applicants, NTC must have received the results of the FAFSA before the end of any semester for which aid is desired. In addition, loans may not be processed once a student is no longer in attendance and/or not making satisfactory progress.

Disbursement of Financial Aid

All students can charge books through our campus bookstore or through our online Distance MN bookstore within the posted timeline. A student is responsible to verify they have enough funds to cover those charges. Financial aid that exceeds institutional charges will be made available to students starting with approximately the 19th day of each semester,

Grants will be applied to students' accounts first. Direct loans for first-time borrowers who are first-year students at our college will be delayed for 30 calendar days from the start of their first term of enrollment. (Any subsequent loan disbursements will not be subject to the 30-day delay).

Students receiving a loan for a single semester will be split into two equal disbursements: one disbursement at the original disbursement date, the other at the midpoint of the semester. Overage checks will be processed twice per week by the Business Office.

It is strongly recommended that students have their financial aid directly deposited in their checking or savings account. Students may do this through e-Services. If students choose not to have their financial aid overage check directly deposited, it will be mailed to their permanent address resulting in a 2-3 day delay for receipt of overage funds. Checks cannot be picked up.

If enrolled at another institution it is your responsibility to pay all charges at that institution, except for Bemidji State University.

Satisfactory Academic Progress for Financial Aid – (Policy 2075-1-01)

Northwest Technical College (NTC) Policy [3110-1-01](#) Satisfactory Academic Progress, Policy [2075-1-01](#) Satisfactory Academic Progress for Financial Aid, and Minnesota State Board Policy [2.9](#), in compliance with Federal and State regulation, require that all students maintain satisfactory academic progress toward the completion of a program of study to receive financial aid. Programs covered by this policy include Federal and State work study, loans, grants, and scholarships.

Satisfactory academic progress measures a student's progress toward the completion of a ~~particular degree or licensure program at~~ NTC. Federal regulations specify that the institutions must measure progress toward the completion of a student's academic program regardless of whether the student received financial aid for the terms and credits measured. In addition to the Satisfactory Academic Progress Policy for Financial Aid, all students must comply with NTC's academic standards as published by the Records Office to remain enrolled at NTC.

I. Grade Point Average Requirement (Qualitative Measure)

All students are required to maintain a minimum 2.0 (C) cumulative grade point average beginning with the first term of attendance. (*Note: A 2.0 GPA is required to graduate*). Grades of A, B, C, D, and F are included in the GPA calculation.

II. Percentage Completion & Maximum Time Frame Requirement (Quantitative Measure)

- A. **Percentage Completion Requirement:** To remain eligible for financial aid, a student is required to progress toward the completion of an academic program by successfully completing 66.67% of all credits attempted at NTC.

Courses for which a student receives a letter grade of A, B, C, D, P, and S are included in the calculation of cumulative credit completion percentage as courses successfully completed.

Courses for which a student receives a letter grade of F, I, FN, FW, IP, NC, W and Z grades will be treated as credits attempted but not successfully completed.

Any credits accepted in transfer by NTC are also counted as completed and attempted credits in the completion calculation.

- B. **Maximum Time Frame (MTF):** The maximum allowable time frame for a student to complete an academic program is 150% of the published credit length of the program of record. Credits attempted toward the declared program(s) of study at NTC and applicable transfer credits from other institutions are counted for determining this standard.

Maximum time frame calculations apply to all terms of attendance, whether you received financial aid during each term. Financial aid recipients pursuing more than one program/major or who have changed their program/major may need to appeal to continue receiving financial aid (See IV, letter C, section b).

Credits attempted at NTC, remedial level credits (up to 30), as well as transfer credits that do not count toward the student's declared program/major of study will be excluded from the maximum time frame calculation.

A student seeking an additional degree/diploma/certificate will be granted 150% allowable time frame for all required credits for that program. A student who reaches or exceeds the maximum number of credits will have aid terminated at the end of that semester.

III. Evaluation Period

Financial Aid Satisfactory Academic Progress will be evaluated three times each year after Fall, Spring, and Summer Semester grades are recorded. All prior terms of attempted enrollment are considered when determining satisfactory academic progress regardless of whether aid was awarded for the term.

IV. Failure to Meet Standards

A. Financial Aid Warning

- 1 For each evaluation period, the first time a student fails to meet the minimum completion rate or GPA requirement stated above, the student will be placed under a warning status for one semester. Students placed under a warning status are eligible to receive financial aid for the following term of enrollment.
- 2 At the conclusion of the warning period, if a student has met NTC's cumulative GPA and percentage completion standards, the student's eligibility for financial aid shall be reinstated.

B. Financial Aid Suspension for Students on Warning Status.

If at the end of a semester a student who has been on warning status has not met both the institution's cumulative grade point average and percentage completion standards, NTC shall suspend the student's aid eligibility immediately upon completion of the evaluation.

C. Suspension of Students for Other Reasons

- 1 A student who meets or exceeds the maximum time frame allowed during a semester will immediately have their financial aid eligibility suspended at the conclusion of that semester.
- 2 Any student may be immediately suspended from financial aid eligibility in the event of extraordinary circumstances, including but not limited to previously suspended (and reinstated) students whose academic performance falls below acceptable standards during a subsequent term of enrollment; students who register for courses, receive financial aid, and do not attend any classes; students whose attendance patterns appear to abuse the receipt of financial aid; and students that have multiple program changes and do not complete his/her declared program(s).
- 3 If the institution determines that it is not possible for a student to raise their GPA or course percentage completion to meet the institution's standards before the student would reach the end of the program for which they are receiving financial aid, the institution will suspend the student from financial aid immediately upon completion of the evaluation.

V. Appeals & Probation

- A. A student who fails to meet the satisfactory academic progress standards may appeal to re-establish eligibility by completing a Petition for Reinstatement of Financial Aid. This form is available from the NTC Financial Aid Office website. The petition may be based on undue hardship, death of a relative, injury or illness; or extenuating circumstances as determined by the institution. Petitions must be supported with appropriate documentation and verification and will be reviewed on a case-by-case basis. An approved academic plan is also required as part of the petition.

When considering a petition, a student's prior academic history, test scores, and potential for successful completion of the academic program will be considered. An approved academic plan is required for all petitions. A petition for the reinstatement of financial aid will be reviewed by the Director of Financial Aid or a designee. A student will be notified of the outcome with a copy of the Financial Aid Suspension Appeal Results Form. Any student whose petition is denied may appeal the denial to the Financial Aid Review Committee. In some instances, it is possible for a student to successfully petition and be reinstated through the Records Office in order to register for courses but have a financial aid petition denied for the same term.

- B. A student with an approved petition for reinstatement of financial aid will be placed on financial aid probation for one semester in order to regain satisfactory academic progress. While on this probation status, a student will be eligible to receive financial aid. A student must meet the terms that are set forth in the approved petition and academic plan to be continued on financial aid.
- C. Any appeal received two weeks before the start of a semester (or once the semester begins – late appeals) are required to provide an explanation of why the petition is being submitted late. Documentation from all course instructors may also be required verifying satisfactory academic progress in each course prior to petition consideration.

VI. Notification

Students will be notified in writing of his/her warning status and cancellation/suspension of financial aid. These notifications are made once semester grades are recorded and the satisfactory academic progress review is completed. A student who is petitioning for a probation period on financial aid will receive a copy of the Financial Aid Suspension Appeal Results Form.

VII. Reinstatement of Financial Aid

The approval of a Petition for Reinstatement for Financial Aid places a student on probation for one semester with the Financial Aid Office. The approved petition will state the terms of the petition and the specific conditions that apply. During the probation period, a student is eligible to receive financial aid. However, a student on an approved petition must meet the conditions of the approved petition and academic plan to be continued on financial aid for more than one semester.

Neither paying for their own classes nor sitting out a period of time is sufficient in and of itself to re-establish a student's financial aid eligibility. Students may have their financial aid eligibility reinstated by again meeting the cumulative GPA and percent completion requirements. If a student who is not meeting satisfactory academic progress has a late grade recorded or receives a grade change at any time during the academic term, the student should contact the Financial Aid Office to check his/her financial aid eligibility.

VIII. Additional Elements

- A. **Treatment of Grades** In the percentage completion calculation, grades of A, B, C, D, P, or S are considered attempted and successfully completed grades. Grades of F, FN, FW, I, IP, N, NC, NP, NR, W, or Z (no grade) are considered attempted but not successfully completed. It is the student's responsibility to notify the Financial Aid Office if a course is completed and/or a grade is changed after the semester. At that time, the Financial Aid Office will review the student's academic standing.
- B. **Academic Amnesty/GPA Adjustment for Returning Students:**

Academic Amnesty and Grade Point Average

(GPA) adjustments are not available for financial aid recipients. All attempted credits are counted in financial aid satisfactory academic progress.

- C. **Audited Courses** Audited courses (AU grade) will not be funded by financial aid and are not included in any financial aid satisfactory academic progress measurements.
- D. **Consortium Credits** are credits for which financial aid is received under a consortium agreement will be included in cumulative GPA, completion percentage, and maximum time frame calculations.
- E. **College Readiness/Remedial/Developmental Credits** All remedial/developmental courses are included when determining satisfactory academic progress for GPA and completion percentage. Up to 30 remedial credits shall be omitted when determining maximum time frame.
- F. **Repeated Credits** Upon submission of the Repeat Form to the Records Office, only the highest repeated grade will be counted toward the cumulative GPA measurement. According to NTC Academic Policy, "program accreditation requirements may impose limits on the number of times a course may be repeated." All credits, original and repeated, are included in determining the 66.67% completion requirement and maximum time frame. However, a student may only receive Federal financial aid to repeat a course once when the previous grade is already passing.
- G. **Transfer Credits** Accepted transfer credits at NTC are included in the maximum time frame calculation. Any credits accepted in transfer at NTC are also counted as credits earned and credits attempted when determining percentage completion. Transfer credits are not included in the NTC GPA calculation.
- H. **Withdrawals** Credits for which a grade of W, FW, and FN are received are considered attempted credits but not successfully completed credits. Grades of W, FW, and FN do not impact GPA but does negatively impact the cumulative completion percentage and counts toward the maximum time frame.

Return of Title IV Funds Policy (2070-1-01)

Repayment Requirements for Students Who Cease Enrollment Prior to the End of a Payment Period or Period of Enrollment:

Financial aid recipients, who withdraw or cease attending all their classes prior to 60% of the semester or enrollment period (including courses with a grade of "F", "FW", and "FN" for non-attendance), are subject to the federal rules for Return of Title IV Funds (R2T4). A student who does not complete all days they are scheduled to complete in module courses (that is, courses that do not span the entire length of the semester) are also considered withdrawn and are subject to the Return of Title IV funds rules.

Review Volume 5 in the Federal Student Aid Handbook for withdrawal exemptions for programs offered in modules. A student who withdraws from a module course but is scheduled to attend a module beginning later in the semester, must notify the Financial Aid Office in writing or the student will be considered withdrawn.

For the Return of Title IV funds calculation, the percentage of unearned aid is equal to the number of calendar days remaining in the term (or numbers of days of attendance remaining in planned modules) after the withdrawal date divided by the total number of calendar days in the term (or total number of days in planned modules).

The calculation of Title IV funds unearned has no relationship to the student's incurred institutional charges as determined by the college's refund schedule for students that officially withdraw from a term. The Records Office is the college's designated office to accept notification of official withdrawals.

If the last date of attendance cannot be determined, the mid-point (50%) of the semester will be used. The Business Office will determine the repayment based upon federal and state procedures, the last date of attendance, type of aid awarded, and charges for tuition and fees. The repayment amount is considered unearned aid that a student was not eligible to receive because of not completing the term, necessitating the repayment of funds.

The college may have an obligation to return funds to an aid program that was previously applied to the student's account. The timeline for returning these funds is 45 days from the date the school determined the student withdrew. The student may have an obligation to repay funds that were paid directly to the student. If the college returns funds that were applied to the student's account, a balance due the college by the student will result. Federal student aid may not cover all unpaid institutional charges due to college upon withdrawal. Future Title IV funds cannot be used to pay a R2T4 balance due.

A student may be owed a disbursement of Title IV funds after the withdrawal date if the conditions for Post Withdrawal Disbursements are met according to the code of federal regulations 34 CFR 668-22(1)(2) and (3) and 34 CFR 690.61(a).

Actual Sample Withdrawal Case: Student received \$701 Federal Direct Subsidized Loan and attended 25.5% of the enrollment period. After performing the R2T4 calculation, the student was required to repay \$522 of the total \$701 received. A student may contact the Business Office to receive an estimation of the required financial aid repayment, if any.

As per Federal regulations, financial aid will be returned by NTC in this order:

- 1.) Federal Unsubsidized Direct Loans
- 2.) Federal Subsidized Direct Loans
- 3.) Federal Direct PLUS Loans (Parent or Graduate)
- 4.) Federal Pell Grant for which a return of Title IV funds is required
- 5.) Iraq and Afghanistan Service Grant for which a return of Title IV funds is required
- 6.) Federal Supplemental Educational Opportunity Grant (SEOG)
- 7.) Federal Teacher Education Assistance for College and Higher Education (TEACH)
- 8.) Other Title IV assistance

Non-Federal Funds:

Once the Federal Return to Title IV Refund Policy is applied, students who receive financial aid funding from the State of Minnesota are also evaluated based on the Minnesota Office of Higher Education refund policies.

Academic Policies and Procedures

The college publishes current information regarding academic policies and procedures annually. Please refer to this Student Handbook for detailed information on grading, attendance, graduation requirements, and academic or financial policies. Information is also available on the college web site.

Academic Integrity (Policy 3300-1-01)

Northwest Technical College promotes the highest standards of academic integrity and the highest regard for truth and honesty. Violations of academic integrity include the following:

1. The attempt by students to present as their own any work not actually performed by them
2. Collusion, fabrication, and cheating on examinations, papers, and other course-related work
3. Stealing, duplicating, or selling examinations
4. Substituting for other in class discussions or examinations
5. Producing other students' papers or projects
6. Knowingly furnishing false or misleading academic information to college officials on official college records
7. Altering information on official college records

Violations of this policy are covered under the Student Code of Conduct. In accordance with this Code, students who, after due process, are found to have violated the Academic Integrity Policy, shall be subject to college sanctions that may include discretionary sanctions, including failure on assignments and/or examinations, suspension or expulsion.

Grades and Grade Point Average (Policy 3120-1-01)

Academic progress will be evaluated in terms of grade point average. The following system will be used to establish a student's grade point average and will be the only grades included in the GPA calculation.

- A= 4 grade points per credit
- B= 3 grade points per credit
- C= 2 grade points per credit
- D= 1 grade point per credit
- F= 0 grade points per credit

A grade point average (GPA) is determined by the sum of all grade points divided by total credits attempted, except those credits that carry grades other than A - F grades.

Grading

The college uses the following letter grades to document student academic achievement and activity:

A = Excellent	FN = Failed, never attend	W = Withdraw
B = Above Average	FW = Failed, walked away	R = Repeat*
C = Average	P/NP = Pass/No Pass*	
D = Below Average	AU = Audit*	
F = Failing	I = Incomplete*	

*Subject to college policy.

Incomplete Grades (Policy 3130-1-01)

The college does not encourage the assignment of "Incomplete" grades (I); however, instructors may assign grades of "Incomplete" at their discretion. Students may ask the instructor in writing that they be assigned a grade of "Incomplete" under the following conditions:

- o A request must be made in writing to the instructor no later than one week prior to the end of the semester.
- o An "Incomplete" (I) grade will be granted only for emergency circumstances only at the discretion of the instructor.

To remove the Incomplete (I) grade, course requirements must be completed by the end of the next semester of regular program offerings. Any "I" not removed by that time will be changed to an "F." Students may not request an incomplete if they are on probation or if they have an unfinished incomplete from a previous semester.

Repeating Courses (Policy 3140-1-01)

To successfully complete program requirements, a student may repeat a course for which he/she is unsatisfied with the grade achieved. If they do not want the lower grade to be calculated in their GPA. The course must be one that is "owned" and delivered by Northwest Technical College.

Grades for repeated courses not calculated in the GPA shall be denoted by parentheses () on the transcript.

(NOTE: Program accreditation requirements may impose limits on the number of times a course may be repeated. Check with your advisor.)

GPA Adjustment for Returning Students (Policy 3410-1-01)

Students who have less than a 2.00 cumulative GPA may petition for an adjustment of their GPA under the following conditions:

1. A minimum of two (2) years absence from the college.
2. Completion of one semester of full-time (12 credits) attendance with at least a 2.00 GPA for the semester.

The GPA earned from earlier courses may be adjusted to 2.0 or more at the time the above criteria have been satisfied by adjusting previous course work to reflect only those grades of 2.0 or more. This may result in reduced total semester credits earned toward graduation. Course grades not included in the adjusted GPA are placed in brackets [] on the transcript.

Academic Program Assessment (Policy 3115-1-01)

All academic programs at Northwest Technical College annually develop and implement plans or assessing effectiveness of student learning and teaching methods. These plans include assessment of all approved P-SLOs for the program, in alignment with course level student learning outcomes (C-SLO). The results of assessments shall be used by program faculty to plan strategies for continuous quality improvement.

Academic Advisement

It is the college's philosophy that academic advisement is essential to the growth and development of each individual student. Each student will be assigned a faculty advisor who will assist the student with scheduling and academic issues. It is the intent of the college to provide the student with personally relevant information and instructional assistance. See the [Academic Advising](#) webpage and the [Academic Success Toolbox](#) for additional information on Advising.

Program Interruption (Policy 3340-1-01)

Northwest Technical College's calendar is subject to modification or interruption due to occurrences such as weather, fire, flood, labor disputes, interruption of utility services, Acts of God, epidemic or pandemic illnesses, civil disorders, and war. In the event of such occurrences, the college will attempt to accommodate its students. It does not, however, guarantee that courses of instruction, content goal statements, extra-curricular activities, syllabi or other college programs or events will be completed or rescheduled.

See also: [Policy 1000-1-01](#) College Calendar: Interruption of Programs and Services; Policy 1000-1-02 Emergency Closing and Cancellation of Classes; [Policy 1000-1-03](#) Long Term Emergency Management.

Appeals and Grievances (Policy 3320-1-01)

Students who think they are unfairly affected by college policy or action have the right to seek remedy through the college's designated Appeals and Grievances Process. Students

should use available informal means (direct conversation) to resolve disputes before making a complaint or filing an appeal or grievance. There will be no retaliation of any kind against students, faculty or staff who participate in a complaint, appeal, or grievance.

Northwest Technical College informs students of the established complaints, appeals, or grievance procedures through [Policy 3320-1-01](#). The college has an established time frame for each step of a procedure published in [Policy 3320-2-01](#). These procedures shall not substitute for other procedures specific in Minnesota State procedures or negotiated agreements. These procedures shall also protect data privacy rights.

Appeals and grievances must be submitted in writing to the NTC Executive Vice President and Senior Academic Officer. Appeals involving financial obligations with the college must be filed by the end of the semester following the semester in which the financial obligation was incurred. Grade appeals are governed by a separate but related [Policy 3320-1-02](#). Financial Aid appeals are reviewed by the Financial Aid Appeal Committee. Academic and non-academic appeals and grievances submitted by students are reviewed by the Appeals and Grievances Committee. The committee reports the findings directly to the student(s) who submitted the appeal.

If the student believes the decision has procedural errors that provide a basis for appeal of the decision, such appeals must be submitted to the Executive Vice President and Senior Academic Officer for review of due process. Students not satisfied with a transfer appeal decision at the college level may submit a request to the Minnesota State Senior Vice Chancellor of Academic and Student Affairs for a system level appeal of the college's transfer appeal decision. See Minnesota State [System Procedure 3.21.1](#).

If the appeal or grievance involves the actions of NTC's Executive Vice President and Senior Academic Officer, a student may further appeal the decision through the NTC President. If the appeal or grievance involves Minnesota State policy or the actions of the NTC President, a student may further appeal the decision through the Minnesota State Chancellor to the Minnesota State Board of Trustees. The decision of the Minnesota State Board is final and binding.

Appeals and grievances of federal, state, and Minnesota State policies and procedures will be directed to the Executive Vice President and Senior Academic Officer for referral to the appropriate federal or state agency.

Grade Appeals (Policy 3320-1-02)

Students who think they have been unfairly assigned a grade have the right to seek remedy through the college's designated [Grade Appeals](#). Students should use available informal means (direct conversation) to resolve disputes before filing an appeal. There will be no retaliation of any kind against students, faculty or staff who participate in a grade appeal. The Grade Appeals process is explained on the [Student Complaints](#) webpage.

Grade appeals must be submitted in writing to the NTC Executive Vice President and Senior Academic Officer. Students have one semester from the end of the semester in which the grade was earned to appeal the grade. Grade appeals are reviewed by the Appeals and Grievances Committee. The Appeals and Grievances Committee reports the findings directly to the student who submitted the appeal. If the student believes the decision has procedural errors that provide a basis for appeal of the decision, such appeals must be submitted to the Executive Vice President and Senior Academic Officer for review of due process.

Record of Student Complaints (Policy 3325-1-01)

Northwest Technical College maintains a log of all formal written complaints ([policy 3325-1-01](#)) submitted by students to the Executive Vice President and Senior Academic Officer. This log is a requirement of the Federal Compliance Program of the Higher Learning Commission, the college's accrediting agency. The log contains the following information:

- the date the complaint was first formally submitted to an appropriate officer
- the nature of the complaint (e.g., dispute about a grade, sexual harassment allegation)
- the steps taken by the institution to resolve the complaint
- the institution's final decision regarding the complaint, including referral to outside agencies
- any other external actions initiated by the student to resolve the complaint, if known to the institution (e.g., lawsuit, EEOC investigation, etc.).

The log provides data privacy by not including names involved in the facts of the complaint. Students submitting formal complaints will be informed that the college will share information on the complaint to its accrediting agency if required, but that individual identities will be protected.

The steps and processes involved in [Student Complaints](#) can be reviewed under [Campus Life](#).

Student Records

Student Records (Policy 2140-1-01)

Student academic records are maintained in the Registrar's Office. Information other than directory information is considered confidential and will not be released unless a release form is signed by the student.

Transcripts are official only if mailed directly from Northwest Technical College to a school, agency, or company. Official transcripts will not be sent for a student with an outstanding account with the college. Unofficial transcripts may be given or sent to the student. Enrolled students may access unofficial transcripts via the Web registration site.

A student has the right to petition for review of his or her cumulative student record by submitting the request in writing to the Registrar. The following data may be included in the cumulative record:

1. Diploma and transcripts from previous institutions
2. Institutional evaluation and assessment data
3. Admission applications, enrollment data, and supporting documentation
4. Authorization to release information
5. Financial aid data to include agency information
6. Grades
7. Evaluations and instructor recommendations
8. Documents relating to student status regarding honors, probation, disciplinary hearing, and suspension

For accreditation reasons, programs may require a limited number of key or capstone courses to be completed in residence.

Unless specific exceptions are noted in the program/degree requirements or requirements are waived through a petition process, the college will accept as resident credits those online courses/credits offered by the partner colleges in the Distance Minnesota consortium. These courses are included on the NTC course schedule.

Library

The library serves students and faculty by providing access to resource materials. The [Library](#) webpage includes direct links to the most used [Databases](#) and includes information on [College Writing & Research Resources](#).

Collection Development:

It is the policy of the college library to provide instructional materials of various difficulty levels, subject appeal, and points of view. The selection of these materials may involve many persons, including library specialists, faculty, students, and administrators. However, the ultimate responsibility for development and maintenance of the libraries' collection lies with the professional library/media staff.

Reconsideration of Challenged Materials:

Despite the care taken by the library professional to select valuable materials, occasionally objections to a selection will occur. The library staff respects the right of college students to express their opinion and will provide the right to challenge library materials for reconsideration. However, no library materials will be removed until the challenge is acted upon, and a final decision is made whether to remove or keep the item.

Resource Sharing:

It is the policy of the college to make every effort to provide for the information needs of

students, faculty, and staff. When local resources do not meet those needs, the library staff have an obligation to obtain materials through Minnesota State college-wide cooperation and the statewide services of MINITEX (inter-library loan). Students may use the Bemidji State University library and the library at Leech Lake Tribal College. The borrowing and lending libraries will ensure compliance with federal copyright laws.

The college faculty and staff are expected to observe federal copyright guidelines. The college will not be liable if individuals violate copyright laws using college equipment. The library makes every effort to be in total compliance with existing copyright laws and will provide information and guidance, especially as new technologies are introduced.

Under the law, it is fair use to reproduce copyrighted materials for specific educational situations. Library staff will consider the "fair use" guidelines and provide instruction on fair use and Creative Commons Licensing practices.

Circulation:

The library will make every effort to meet the informational needs of its users by establishing circulation policies that ensure access to materials and services. Borrowers will be required to return materials in compliance with policies or they may be subject to fines, replacement costs, or loss of borrowing privileges. These actions are necessary to ensure access for all users.

 - d. In hearings involving more than one accused student or organization, the administrator, in his or her discretion, may permit the hearing concerning each student to be conducted either separately or jointly.

The advocate may provide advice to the student but may not participate in any questioning. When there is a likelihood that a student involved in conduct proceedings will face criminal prosecution for a serious offense, it may be advisable that the student have an attorney as the advocate.

6. During the summary suspension, the student may not enter the campus without obtaining prior permission from the administrator.

E. Appeals

1. A decision reached by the student conduct panel, or a sanction imposed by the administrator may be appealed by the accused student(s) or complainant(s) to the Executive Vice President and Senior Academic Officer within five (5) school or business days of the *notification of the* decision. Such appeals shall be in writing and shall be delivered to the administrator or his or her designee.
2. Except as required to explain the basis of new information, an appeal shall be limited to a review for one or more of the following purposes:
 - a. To determine whether the informal or formal hearing was conducted fairly considering the charges and information presented, and in conformity with prescribed procedures giving the complaining party a reasonable opportunity to prepare and to present information that the Student Code was violated and giving the accused student a reasonable opportunity to prepare and to present a response to those allegations. Deviations from designated procedures will not be a basis for sustaining an appeal unless significant prejudice results.
 - b. To determine whether the decision reached regarding the accused student was based on substantial information, that is, whether there were facts in the case that, if believed by the fact finder, were sufficient to establish that a violation of the Student Code occurred.
 - c. To determine whether the sanction(s) imposed were appropriate for the violation of the Student Code which the student was found to have committed.
 - d. To consider new information, sufficient to alter a decision, or other relevant facts not brought out in the original hearing, because such information and/or facts were not known to the person appealing at the time of the original informal or formal hearing.
3. If an appeal is upheld by the Executive Vice President and Senior Academic Officer, the Executive Vice President and Senior Academic Officer may take any appropriate action. If an appeal is not upheld, the matter shall be considered final and binding upon all involved except that in cases involving sanctions of suspension for ten (10) days or longer, students shall be informed of their right to a contested case hearing under Minnesota Statutes, Chapter 14.

Fraudulent and other Dishonest Acts

Northwest Technical College is committed to creating an environment where fraudulent and other dishonest acts are not tolerated. The college hereby adopts Minnesota State Board of Trustees Policy [1C.2](#) Fraudulent or Other Dishonest Acts

Student Involvement in Decision-making

The college supports student involvement in decision-making as outlined in Minnesota State Procedure [2.3.1](#) for Board Policy [2.3](#), which states:

The Minnesota State system values student participation and involvement. Student representatives are a part of decision making on the Board of Trustees, at the system level and on campuses. Some issues require on-going student participation, and other issues require student review or consultation. The Executive Vice President and Senior Academic Officer shall:

- Meet with the campus student association at least twice per semester to discuss issues of mutual concern brought forward by the student association or the administration,
- Inform the campus student association of the subject of scheduled consultations or reviews at least a week in advance except under very unusual circumstances as reported to the chancellor,
- Structure the consultation process to provide adequate time for students to be able to discuss and consider an issue prior to any proposed recommendation.

Participation

Student participation, as used in Policy [2.3](#) means that students must be provided the opportunity for representation on system, college or university committees involving or affecting student interests and have the opportunity to review or be consulted on issues that have significant impact on students.

Consultation

To provide a mechanism for student review and consultation, college and university administrators seek an opinion from the campus student association and considers that information in the decision-making process. Consultation includes presentation of materials,

discussion, and an opportunity for students to ask questions during a meeting.

Review

A review is an informational report by the administration and includes an opportunity for students to ask questions on the information presented.

- a. The review process requires a meeting to inform the student association of an issue of potential concern to the students.
- b. Prior to meeting, the student association is notified of the agenda items.

Position Letter

When a college or university proposal requires consultation and approval by the Board of Trustees, the campus student association shall submit a letter stating the level of consultation and any position taken by the association on the issue. The letter must be submitted to the system office by the college or university president prior to the initial consideration of the proposal, except under very unusual circumstances as reported to the chancellor and the campus student association.

Student Identification Cards

The college issues student identification cards after students complete their initial registration. If an identification card is lost or stolen, students may obtain a replacement identification card for \$10.00. Check in the One Stop to be set up for an identification card.

Campus Public Safety

The college shall on September 30 of each year, publish and distribute an annual Campus Security Report as required by the Campus Security Act of 1990. A copy of the annual security procedures and statistical report is available on the college web site.

The college is concerned about the safety and welfare of all students associated with this college. It is the college's intent to provide a safe and pleasant educational environment for all students, visitors, and staff. The college contracts with Bemidji State University Department of Public Safety for routine patrolling, including the presence of BSU student patrol officers during evening hours fall and spring semesters.

All crimes occurring on campus should be reported immediately to both campus administration and local law enforcement to ensure that appropriate action is taken. Crimes can be averted, and suspects apprehended more quickly if suspicious activity is reported promptly. If someone's actions or the situation is disturbing, threatening, or out of the ordinary, contact the Dean, the Facilities Services Supervisor, and/or local law enforcement. The administration and police will assess the situation and take any necessary and appropriate action. Forms for reporting a criminal act and a suspect description sheet are available from the college's front desk receptionist and in the Administrative Office. Immediate documentation of the incident provides valuable information to law enforcement should you be either a victim of or witness to a crime.

BSU Public Safety (218) 755-3888
Bemidji Police Department (218) 333-9111

EMERGENCIES: DIAL 911 to report crimes in progress or police, fire, or medical emergencies on campus. Dial 0 for assistance from the campus receptionist, Monday - Friday, during campus hours.

If there is a fire and no telephone is available, activate one of the fire alarms located throughout campus.

Local campus personnel have no enforcement authority over instance of criminal actions, thus campus personnel are not expected to attempt to detain a person suspected of such actions. The college cooperates closely with local and state law enforcement.

Reporting Criminal Activity to College Administration

Students should contact the Dean if they witness or are involved in activities that they feel are unlawful. Students should report any unlawful activity to the Dean for the purpose of making timely reports. It is the college's policy to make timely reports to members of the campus community regarding the occurrence of crimes described above.

Crime Bulletins and Statistics

The Dean, working with local law enforcement, and/or BSU Public Safety promptly publicizes any incident of criminal activity that poses a potential threat to the campus through Campus Crime Alert Bulletins. Such bulletins are issued to the campus and are posted on the college's bulletin boards, closed-circuit bulletins boards, or electronic mail networks. See the publication "Campus Security Report" for statistics concerning the occurrence of crimes reported to campus officials and local law enforcement.

The Campus Security Report contains information regarding any documented activity on campus or off campus if such activity takes place during an event sponsored by an organization recognized by the college. This report is published and distributed yearly. It is printed as a brochure and is also posted on the college's web page at www.NTCmn.edu.

Security and Access to Campus Buildings and Grounds

The college maintains posted hours during which the building is unlocked. Access to the buildings and offices is managed by the Facilities Services. Specific security methods are established by the Campus Safety Committee. Although the building can be accessed by key after business hours, it is locked and alarmed after school hours. It is essential that and students cooperate to keep locked facilities locked (do not prop open doors or leave doors unlocked if entry is needed after hours).

Reporting a Crime or Suspicious Activity

Anyone who witnesses or is a victim of a crime on the college campus is encouraged to report the crime to the Executive Vice President and Senior Academic Officer at 333-6611 or to the Bemidji State University Campus Security Office at 755-3888 or to the Bemidji Police Department at 333-9111. In emergency situations, calls should be made directly to 911. Reports of crimes made to the Dean or other college personnel will be referred to the Bemidji State University Campus Security Office. Individuals are also encouraged to report suspicious activity seen on or near the campus.

Enforcement Authority

In the interest of campus safety, Northwest Technical College personnel are authorized by the administration to ask persons on the campus for identification and to determine whether individuals have lawful business at the college when in their judgment such action is warranted. College personnel are also authorized to ask individuals to immediately leave the campus if they can provide no evidence of lawful business at the college and/or if they are deemed to pose a threat to others by their behavior, their words, or their manner. Bemidji State University Security and Safety personnel are authorized to assist such removal when necessary. Security personnel do not have the authority to make arrests; however, they work closely with the Bemidji Police Department, which has jurisdiction on the campus, and may be involved in investigation and prosecution processes related to criminal activity on campus. Campus security personnel and college administration are authorized to monitor parking and issue parking citations on college property.

Educational and Prevention Services and Programs

Information concerning campus security procedures and practices is presented annually as part of the student orientation process and at faculty/staff in-service. The Campus Safety Committee will review campus crime statistics and present the campus security techniques. Students and staff are encouraged to be responsible for their own security and the security of others.

Drug-free Environment

Northwest Technical College is committed to providing an environment free of alcohol and illegal drugs for its students. The college prohibits the unlawful manufacture, possession, use, or distribution of controlled substances, including alcohol and illegal drugs, by students on its property, in college- or state- owned vehicles or vehicles rented on behalf of Northwest Technical College, or as part of any of its activities. Any person who appears to be under the influence of drugs or alcohol on college premises or at any of its activities may be asked to leave. Law enforcement or security personnel will be involved as necessary. The college may impose disciplinary sanctions on student employees, including suspension and termination, shall be in accordance with college administrative regulations and procedures. Sanctions on students shall be consistent with the student Code of Conduct.

NOTE: While the above policy applies to student employees, all students are subject to the [Student Code of Conduct](#), including prohibitions relative illicit drugs and/or alcohol. See also the following section regarding controlled substances.

Health Risks Associated with Substance Abuse

Substance abuse can cause extremely serious health and behavioral problems, including short- and long-term effects upon the body and mind. The physiological and psychological responses differ according to the chemical ingested, and although chronic health problems are associated with long-term substance abuse, acute and traumatic reactions can occur from one-time and moderate use.

Acute health problems may include heart attack, stroke, and sudden death, which, in the case of drugs such as cocaine, can be triggered by first-time use. Long-lasting health effects of drugs and alcohol may include disruption of normal heart rhythm, high blood pressure, leaks of blood vessels in the brain, bleeding and destruction of brain cells and permanent memory loss, infertility, impotency, immune system impairment, kidney failure, cirrhosis of the liver, and pulmonary (lung) damage. Drug use during pregnancy may result in miscarriage, fetal damage and birth defect causing hyperactivity, neurological abnormalities, developmental difficulties, and infant death.

Education & Prevention Services and Programs: Alcohol and Other Drugs

Primary prevention efforts will be to provide students with appropriate information and developmental experience necessary to make responsible decisions regarding alcohol and illicit drug use and non-use. Prevention efforts shall address legal, social, and health consequences and that use of illicit drugs and unlawful possession and use of alcohol is wrong and harmful. See the campus counselor for information and assistance.

Prevention efforts will include:

- Early identification and intervention efforts providing assistance to student demonstrating behaviors of concern.
- Crisis intervention procedures for students experiencing medical emergencies.
- Re-entry to the college support services for students after completing therapy for drug or alcohol problems.

Childcare

A listing of licensed day-care providers may be obtained from the NTC One Stop Student Services Center.

Cancellation of Classes

It may become necessary to cancel class sessions without advance notice due to emergencies, instructor illness, sudden weather changes, or other circumstances. In these instances, the college will post the cancellation on the College web site. Students must check the web site and their college email accounts for such announcements and other institutional information postings.

Campus Closing

When emergency conditions merit closing considerations, the administration will follow the college's weather/emergency closing procedures. Campus closing determinations are made by the President and announcements are posted on the college's web site and are announced on TV and radio stations. Students are encouraged to check the college's web site for announcements regarding the closure of the campus.

The authority to close the campus is vested in the President or designee.

1. The closing announcement for the college will clearly identify: (1) time of the closing, (2) date, and an estimate of when the facility will reopen. Information Technology will post the cancellation(s) and/or campus closing on the college's web site, and the External Relations representative will inform the broadcast site managers when ITV classes are affected. Campus closing announcements will be placed on radio and television. A decision will normally be made and announced by 3:00 p.m. when canceling evening classes. The President will provide this information to the Minnesota State Chancellor.
2. Some examples of "other" emergency closure situations are natural and manmade disasters, loss or interruption of public utilities, and contract disputes.

College Calendar: Interruption of Programs and/or Services

The college calendar is established to communicate to college constituents the courses and activities that the college plans to provide. The college calendar, along with the services provided in support of these courses and activities, is subject to modification or interruption due to occurrences such as fire, flood, labor disputes, interruption of utility services, acts of God, epidemic or pandemic illnesses, civil disorder, and war. In the event of such occurrences, the college will attempt to accommodate its students. It does not, however, guarantee that courses of instruction, extra- or co-curricular activities, or other college programs or events will be completed or rescheduled or that college services will be provided. Any refunds that may be due to eligible students will be made in accordance with Minnesota State Colleges and Universities policy [5.12](#).

In the event of a long-term emergency declared by the President or Chancellor, resulting in an interruption of learning for seven or more days, credit for work completed by students is governed by Minnesota State Board Procedure [1A.10.1](#), Part 3, Educational Services.

EMERGENCY DRILLS

Fire Drills

Drills are held periodically during the college year. Information regarding emergency evacuation of the building is posted throughout the campus.

Tornado Drills

Certain areas in the building have been designated as "SAFE AREAS" during a tornado warning. Information regarding these areas is posted throughout the campus. In case of a drill, please proceed to designated areas.

Health Insurance

Students are encouraged to carry some type of health coverage while attending school. Health and accident insurance is the responsibility of the student. Student injuries that occur during class time are the responsibility of the student and not the college.

Immunization Record Requirement

In conformance with MINN.STAT.[135A.14](#) Northwest Technical College requires an immunization record be submitted from the following students born after 1956 who did not graduate from a Minnesota high school in 1997 or later.

The immunization record submitted must indicate the month and year the student was immunized against measles, rubella and mumps, after having attained the age of 12-months. The immunization record must also indicate the month and year the student was immunized against diphtheria and tetanus within ten years of first registration at the institution.

Students registered for non-credit, corporate credit or Distance Education courses only are exempt from submitting the required immunization record unless the course requires on-campus lab, internship, clinical or other on-campus contact for the purpose of completing coursework. The Department of Health and the local Board of Health in whose jurisdiction the institution is located may inspect immunization records.

Medical Exceptions: An immunization record is not required if the student submits to an administrator a statement signed by a physician that shows:

1. the student did not receive an immunization for medical reasons.
2. the student has experienced the natural disease against which the immunization protects; or
3. a laboratory has confirmed the presence of adequate immunity.

Additional Exception: If the student submits a notarized statement that the student has not been immunized as required because of the students' conscientiously held beliefs, the immunizations are not required.

Additional Immunization Requirements: Students in certain majors may be required to submit additional immunization records besides those indicated within this policy.

Acceptable Use of Computers and Information Technology Resources

Northwest Technical College adopts and supports Minnesota State Board [Policy 5.22](#) *Acceptable use of Computers and Information Technology Resources*.

Parking

Parking permits shall be required of all vehicles parked on property under the control of the college with the exceptions of vehicles displaying tax exempt license plates, visitors parked

in Visitor Only designated spaces, and those displaying a Visitor's Permit, including guests, vendors, program patrons (dental clinics, etc.), repair and construction personnel, volunteers, voters, attendees at special identified classes and/or events.

Parking permits will be issued upon registration of the vehicle with the college and payment of the parking fee, as approved by the Minnesota State Colleges and Universities.

Parking permits must be properly displayed on all vehicles, including motorcycles. Acceptable display areas include attached to the rear-view mirror, windshield, or dash. Parking permits will be enforced Fall and Spring semesters after the fifth day of the semester. Vehicles failing to properly display a valid parking permit and/or parked illegally (e.g., in a space designated for vehicles with valid disability permits) will be ticketed, resulting in a fine and/or removal of the vehicle at the expense of the owner. Failure to properly display a permit will not be valid grounds for appeal. Users with five unpaid tickets in combination with NTC and BSU may have their vehicle towed without notice at their own expense. Fines cannot be deferred against financial aid or any other funding source.

Parking is enforced by the Bemidji State University Security Department. Appeals of parking tickets based on tickets issued contrary to college parking policy or in error must be made in writing and will be heard by the Parking Committee. Appeal forms may be obtained and submitted to the NTC Business Office. Fines must be paid prior to the hearing of the appeal; successful appeals will result in a refund of the fine.

Lost or stolen permits reported to the Business Office will be made at a cost of 50 percent of the original cost upon completion of a loss statement and new permit registration. Permits may be used only by the individual(s) in whose name the vehicle is registered with the college and may not be resold or transferred. Refunds for parking permits will be made to students who totally withdraw from the college at the same pro-rata scale specified in the Tuition Refund policy upon the return of the withdrawing student's parking permit to the Business Office.

NTC does not assume any liability for vehicles or personal property with the issuance of parking permits. Permit holders are responsible for their own property and should do all they can to guard against victimization by others, including locking unattended vehicles and securing possessions out of sight.

Health and Safety

As a responsible institution of higher education, Northwest Technical College facilities shall be maintained as safe and healthful places of learning. Every effort shall be made to design and operate all college facilities in compliance with the spirit and letter of federal, state, and local health and safety regulations. The college shall endeavor to promptly provide current and comprehensive information on potential adverse health and safety effects as well as appropriate handling procedures for all hazardous materials handled by students.

It is a basic responsibility of all students to make the health and safety of fellow human beings a part of their daily concern. This responsibility must be accepted by each one who conducts the affairs of the college, no matter in what capacity he/she may function.

Safety glasses/safety equipment

Minnesota State Law provides that every person shall wear industrial quality eye protection devices when participating in hazardous training activities while in college programs. The college will comply with the law by requiring that all students in hazardous training activities purchase and wear safety glasses with side shields. Individual programs may have additional requirements for student use of personal protective equipment.

Service members Opportunity Colleges (SOC)

The college is member of Service members Opportunity Colleges, a consortium of over 1500 colleges and universities that provide college-level educational opportunities for servicemembers and their families.

Veteran's Benefits

The majors offered by the college have been approved by the Minnesota State Approving Agency for veterans and their dependents eligible for educational benefits under Chapters 30, 31, 32, and 35 of the Veterans Readjustment Act of 1977. Under the new GI Bill, Chapter 106 (educational assistance program), Reserve and National Guard personnel may be eligible for educational benefits. Students should contact the Veterans Certifying Official or their local Veterans Administration Office to obtain applications and determine eligibility and entitlement.

Veterans may receive credit for appropriate military training. The campus transfer specialist personnel will determine the number of credits acceptable for transfer. Veterans or veterans' dependents receiving educational benefits must conform to the following regulations to maintain their eligibility:

1. Register for at least 12 credits per semester to receive full benefits; 9-11 credits for three-quarter time; 6-8 for half-time; 4-5 for less than half-time. (Veterans Administration pays tuition and fees only for 1-3 credits. These credits must apply toward a degree.)
2. Maintain satisfactory academic progress toward graduation.
3. Report any changes in credits (drops/adds), address, or status (i.e., withdrawal) to the VA certifying official.

Timely Warning

If a situation arises on campus that, in the judgment of the President or designee and/or Director of Security and Safety, constitutes a reason for issuing a college-wide warning, the warning will be issued through the college e-mail system to students, faculty, and staff.

Depending on the circumstances of the situation, especially in situations that could pose an immediate threat to the college community and individuals, the President or designee may also post a notice on the NTC website home page.

Anyone with information warranting a timely warning should report the circumstances to the Department of Security and Safety at Bemidji State University at 755-3888 or the NTC Executive Vice President and Senior Academic Officer at 333-6611.

Long-term Emergency Management

Northwest Technical College adopts Minnesota State [Board Policy 1A.10](#), Long-Term Emergency Management and, in the event that a long-term emergency (seven days or more) is declared for the college by the President or the Chancellor, the college will implement the provisions of [Procedure 1A.10.1](#), including the activation of the BSU-NTC All-Hazards Plan. This Plan is developed in accordance with guidelines developed and administered by the Office of the Chancellor in accordance with state and federal direction. The All-Hazard Plan will be reviewed and updated regularly and will be available to students on the college's website, except for any sections that include non-public data.

Human Rights Policies and Information

Human Rights Policies

Northwest Technical College is committed to fostering an inclusive and welcoming

environment and has adopted several policies to emphasize that commitment. These policies are listed and briefly described in this section. You may obtain a copy of a policy or procedure from the campus Administrative Office or by going to the NTC [policies and procedures](#) webpage. In some situations, NTC has simply adopted the current Minnesota State policy as its own. For those situations, you may access the relevant [Minnesota State policies index](#). Finally, the [Affirmative Action](#) webpage on the Northwest Technical College website contains valuable information about the policies and topics discussed in this section.

Nondiscrimination in Employment and Education Opportunity.

Northwest Technical College is committed to a policy of nondiscrimination in employment and education opportunity (Policy [1030-1-01](#)) and adopts the Minnesota State Colleges and Universities Nondiscrimination in Employment and Education Opportunity policy ([1B.1](#)), as follows.

No person shall be discriminated against in the terms and conditions of employment, personnel practices, or access to and participation in, programs, services, and activities regarding race, sex, color, creed, religion, age, national origin, disability, marital status, status with regard to public assistance, sexual orientation, gender identity, or gender expression. In addition, discrimination in employment based on familial status or membership or activity in a local commission as defined by law is prohibited.

Harassment because of race, sex, color, creed, religion, age, national origin, disability, marital status, status with regard to public assistance, sexual orientation, gender identity, gender expression, or familial status is prohibited. Harassment may occur in a variety of relationships, including faculty and student, supervisor and employee, student and student, staff and student, and other relationships with persons having business at, or visiting the educational or working environment.

This policy is directed at verbal or physical conduct that constitutes discrimination/harassment under state and federal law and is not directed at the content of speech. In cases in which verbal statements and other forms of expression are involved, Minnesota State Colleges and Universities will give due consideration to an individual's constitutionally protected right to free speech and academic freedom. However, discrimination and harassment are not within the protections of academic freedom or free speech.

The System Office, colleges, and universities shall maintain and encourage full freedom, within the law, of expression, inquiry, teaching and research. Academic freedom comes with a responsibility that all members of our education community benefit from it without intimidation, exploitation, or coercion.

This policy shall apply to all individuals affiliated with Minnesota State Colleges and Universities, including but not limited to, its students, applicants, volunteers, agents, and Board of Trustees, and is intended to protect the rights and privacy of both the complainant and respondent and other involved individuals, as well as to prevent retaliation or reprisal. Individuals who violate this policy shall be subject to disciplinary or other corrective action.

The Minnesota State Equal Opportunity and nondiscrimination in Employment and Education policy ([1B.1](#)) may be read in its entirety.

Reporting an Incident of Discrimination and/or Harassment

A complaint of discrimination and/or harassment can be filed with the Affirmative Action Officer who also serves as the Title IX Coordinator and the person designated for handling these complaints in the [Affirmative Action Office](#). Northwest Technical College ([Policy 1030-1-01](#)) has adopted and follows Minnesota State's Procedure [1B.1.1](#) Report/Complaint of Discrimination/Harassment Investigation and Resolution to process complaints. This

procedure applies to all individuals affiliated with Northwest Technical College, including its students, and is intended to protect the rights and privacy of the complainant and respondent and other involved individuals, as well as to prevent retaliation/reprisal. Individuals who violate this procedure shall be subject to disciplinary or other corrective action.

A single act of discrimination or harassment may be based on more than one protected class status. For example, discrimination based on anti-Semitism may relate to religion, national origin, or both; discrimination against a pregnant woman might be based on sex, marital status, or both; discrimination against a transgender or transsexual individual might be based on sex or sexual orientation.

Not every act that may be offensive to an individual or group constitutes discrimination or harassment. Harassment includes action beyond the mere expression of views, words, symbols, or thoughts that another individual finds offensive. To constitute a violation of the policy, conduct must be considered sufficiently serious to deny or limit a student's ability to participate in or benefit from the services, activities, or privileges provided by Northwest Technical College. This procedure is not applicable to allegations of sexual violence, which is handled through a separate policy and procedure.

The Minnesota State Report/Complaint of Discrimination/Harassment Investigation and Resolution Procedure ([1B.1.1](#)).

Sexual Violence

Sexual violence is an intolerable intrusion into the most personal and private rights of an individual and is prohibited at Northwest Technical College. Northwest Technical College is committed to eliminating sexual violence in all forms and will take appropriate remedial action against any individual found responsible for acts in violation of this policy.

This policy applies to Northwest Technical College students and others, as appropriate, where incidents of sexual violence on system property have been reported. Reports of sexual violence committed by a student at a location other than on system property are covered by this policy pursuant to the factors listed in Board Policy [1B.3](#). Reports of sexual violence committed on system property by individuals who are not students are subject to appropriate actions by Northwest Technical College, including but not limited to pursuing criminal or civil action against them.

Sexual violence refers to a continuum of conduct that includes sexual assault, non-forcible sex acts, dating and relationship violence, stalking, as well as aiding acts of sexual violence.

Those who wish to engage in sexual activity with another individual must obtain affirmative consent. Consent is informed, freely given, and mutually understood willingness to participate in sexual activity that is expressed by clear, unambiguous, and affirmative words or actions. It is the responsibility of the person who wants to engage in sexual activity to ensure that the other person has consented to engage in the sexual activity. Consent must be present throughout the entire sexual activity and can be revoked at any time. If coercion, intimidation, threats, and/or physical force are used, there is no consent. If the complainant is mentally or physically incapacitated or impaired so that the complainant cannot understand the fact, nature, or extent of the sexual situation, there is no consent; this includes conditions due to alcohol or drug consumption or being asleep or unconscious. A lack of protest, absence of resistance, or silence alone does not constitute consent, and past consent of sexual activities does not imply ongoing future consent. The existence of a dating relationship between the people involved or the existence of a past sexual relationship does not prove the presence of, or otherwise provide the basis for, an assumption of consent. Whether the respondent has taken advantage of a position of influence over the complainant may be a factor in determining consent.

Acts of sexual violence may also constitute violations of criminal or civil law, or of other Northwest Technical College policies that may require separate proceedings. To further its commitment against sexual violence, Northwest Technical College provides reporting options, an investigative and disciplinary process, and prevention training or other related services as appropriate.

The Minnesota State policy on Sexual Violence may be located at: [1B.3](#) Sexual Violence Policy.

Response to Sexual Violence

A complaint of sexual violence can be filed with the Affirmative Action Officer who also serves as the Title IX Coordinator and the person designated for handling these complaints [Affirmative Action](#). Northwest Technical College ([Policy 1032-1-01](#)) has adopted and follows Minnesota State's Procedure [1B.1.1](#) procedure as well as Minnesota State's Procedure [1B.3.1](#) Response to Sexual Violence to investigate sexual violence complaints.

In general, college investigation and disciplinary procedures for allegations of sexual violence will proceed independent of any action taken in criminal or civil courts. A university need not, and in most cases should not, delay its proceedings while a parallel legal action is ongoing. If the college is aware of a criminal proceeding involving the alleged incident, it may contact the prosecuting authority to coordinate when feasible. Criminal or civil court proceedings are not a substitute for college procedures.

The Minnesota State [1B.3.1](#) Response to Sexual Violence procedure contains further information on who is required to report sexual violence incidents, who you can talk with if you desire confidentiality, interim measures the college can take while a complaint is processed, where additional help (i.e., medical, mental health, support) can be obtained, complainant rights, and sanctions if the responding party is found responsible. Follow this link to obtain a copy of the [1B.3.1](#) procedure.

Preferred Name

Minnesota State and Northwest Technical College recognize and support the members of its community who wish to use preferred names where legally permissible. The NTC Preferred Name procedure ([1033-1-01](#)) outlines a process by which individuals in the system may designate a preferred name to be used in the course of system business and education.. Minnesota State Procedure for Preferred Name [1B.1.2](#).

Gender Identity and Expression Acceptance (NTC Policy 1031-1-01)

Northwest Technical College will provide a safe and nondiscriminatory environment for all students including those whose gender identity and/or expression differs from the sex assigned to them at birth. Harassment that targets an individual based on gender identity, gender expression, transgender status, or gender transition is harassment based on sex and is not tolerated. If sex-based harassment creates a hostile environment, NTC will take prompt and effective steps to end the harassment, prevent its recurrence, and, as appropriate, remedy its effects.

Access and Accommodation for Individuals with Disabilities (NTC Policy 2055-1-01)

Students with disabilities attending Northwest Technical College are guaranteed equal access to college programs, activities, and facilities in compliance with the Americans with Disabilities Act, Section 504 of the Rehabilitation Act of 1973, and Minnesota State policy [1B.4](#). In accordance with ADA and Section 504, students desiring accommodations must self-identify as having a disability, provide acceptable

documentation of the disability, and request accommodations. Such accommodations are provided only upon the request by the student and only as part of an official Accommodations Plan developed in conjunction with the Accessibility Services office along with counsel regarding the effectiveness of the plan. All information related to a student's disability will be located in the Accessibility Services office and will be treated as confidential. Issues related to this information will be discussed on a need-to-know basis.

Issues related to this information will be discussed on a need-to-know basis.
